Re: Corrected grade designations

The spreadsheet of school grade designations presented at the October board meeting inadvertently reported an incorrect grade for four schools. As the result of a successful appeal, each of the four schools received one letter grade higher than originally reported. The correct grade appeared in the Learning Connection, but was not changed on the spreadsheet. The Department requests the Board's approval of the following school grades:

Northwood Elementary School (Mooresville Consolidated School Corporation)	C
Marshall Intermediate Center (South Bend Community School Corporation)	D
Saint Peter Lutheran School (Lutheran Schools of Indiana)	A
Flanner House Elementary School (Charter School)	D
